

## *Welcome to Paradise Nursery!*

**SPECIAL NOTE:** 2007 will be the last year for Paradise Nursery - after many seasons of propagating and selling fruit plants for our wholesale, retail and internet customers, we are retiring from the business. We are continuing our [special closing sales](#) in April and May, so come to one of our Customer Weekends if you can - it's your chance to get wonderful fruit plants for your garden at incredible savings. You have to be at the nursery for the sale prices... and remember, this year when the plants sell out, they are gone for good! Click here to check the full schedule for our [Spring Customer Weekends](#).

About our website:

Paradise Nursery is the dedicated gardener's best source for fruit plants. At Paradise we are dedicated to producing not the most but the best fruit plants available. The website (our only "catalog") is devoted to making your fruit plant shopping as easy as possible. Our nursery is devoted to growing great plants, so please don't look for frills and fancy web-talk. If you have any questions about things on the site, just send us an email and we'll do our best to help. We keep our photos small to save on your download time, to enlarge any photo just click on the image.

Paradise Nursery specializes in plants for the Mid-Atlantic region, but our plants are growing in most of the states -- thanks to some talented gardeners! Our specialty is figs, so please check out the [Gourmet Figs](#) selection. Great recipes from our customers and our own kitchen are being loaded onto the site for you to use and enjoy this summer. □

We really enjoy our on-line customers and do our best to make your gardening experience with us successful. For some background on our nursery, visit [More About Paradise Nursery](#) where you can get to know us better. Our GUARANTEE and other info is located at [Shipping & General Info](#).
