### Jack Thomas' Quarter Pounder

Jack Thomas of Georgia sent us the original cuttings from his wonderful fig tree, which we believe is a super-prolific Magnolia. Although there is no guarantee that this tree will perform equally well in all locations, it's worth noting that Jack's fig has produced breba (spring) crops with figs weighing in at a quarter pound or more each.

We think this is a Magnolia or sport of Magnolia, one of the hardiest figs for the southeast and southwest US. If you are searching for a truly large and juicy fig, this may just be the tree you are waiting to grow!

**Plants will be on sale at the nursery during our Fall 2006 and Spring 2007 CUSTOMER WEEKENDS and should be available online in March 2007. Remember, this is the last season for Paradise Nursery before we retire, so when these plants are gone, there will be no more!**

**QP-01 AVAIL ONLINE MARCH 2007**

*Paradise Nursery - we're working to make the world a more delicious place.....*
